

BIO

My name is Brittany Crockett and I am from Collinsville, IL. I am currently majoring at SIUE in Mass Communications and Minor in Public Relations. Outside of school, I work part-time at Merle Norman Cosmetics, and Victoria's Secret Pink.

Over the summer I volunteer/manage at the local Baseball and Softball Khoury League.

My hobbies include co-ed softball and co-ed soccer, shopping, and binge watching shows on Netflix. I also love Pinterest. It's one of my favorite things to do when I have time to kill. I am a big St. Louis Cardinals fan! One of my pet peeves is when someone doesn't clean up after themselves. I am one of 5 kids, and I am the oldest, so you can only imagine how cluttered things can get around my house.

I'm still not sure what the future holds. I see myself as an Event Planner, or Wedding Planning. I would also love to work in the field somewhere of Major League Baseball. I love social media. I have accounts such as Facebook, Instagram, Pinterest, LinkedIn, and a personal blog. I think the Public Relations field is very important and keeps things current. By taking this course about technology and social media I hope to gain a better understanding of how to better use Photoshop, Illustrator, and any other programs provided. I'm not very familiar with them so I am eager to learn!

Book Your Events Now

We are jumping right into the busy Fall season for weddings and parties. The holidays are also right around the corner. We will be offering services for many events to come.

Need help throwing a shower?

Bridal Showers and baby showers can be a demanding task. Let Simply Southern Weddings & Events take the stress away by decorating for you! The trick is to make the room look elegant without being too cheesy, and without spending a lot of money. Statement pieces can make a simple thing turn into an eye catching arrangement.

Most Popular Wedding Trends 2016

A Rustic Theme- Burlap, mason jars, and cowboy boots are in ladies.

Creative String Lighting- "they can be elegant, whimsical, ethereal or even very natural."

Non-traditional Seating Plans-

Couples are moving away from a reception layout based on large round tables, which has a tendency to feel too much like a conference event, and are instead opting for either very long, rectangular tables or a mix of long tables surrounded by smaller square and round tables — for a more intimate vibe.

Metallic Pallettes- Rose Gold is the new it color. Hints of glitz are found in shiny table runners, chargers, candle holders, and even bridesmaid dresses.
