Most Popular Wedding Trends 2016

A Rustic Theme- Burlap, mason jars, and cowboy boots are in ladies.

Creative String Lighting- “they can be elegant, whimsical, ethereal or even very natural.”

Non-traditional Seating Plans-

Couples are moving away from a reception layout based on large round tables, which has a tendency to feel too much like a conference event, and are instead opting for either very long, rectangular tables or a mix of long tables surrounded by smaller square and round tables — for a more intimate vibe.

Metallic Pallettes- Rose Gold is the new it color. Hints of glitz are found in shiny table runners, chargers, candle holders, and even bridesmaid dresses.
